Overview

United Africa Football Club (UAFBC) in addressing the transformation agenda will kick off this year's global Africa soccer tournament to bring Africa youth and students attention to the significant need of uniting Africa for sustainability through sports and development.

United Africa Football Club is born to expand our horizon in being part of the new era in contribution to the Africa 2063 and World 2030 Agenda. We are in the era of transformation and all must be involved to achieve the ambitious successes.

Sports for sustainability is the only strong tower to hold during wars and in the era of violence, school dropouts, teenage pregnancies, drug abuse, family disintegration, parent's/child relationship and the sustainable growth of Africa. Bringing these issues to caution in the minds of our youth and students is the underlying strength of UAFBC in the HUG4Peace Campaign.

As United Nations has declared, the 2030 agenda of Leave No One Behind, Africa Youth and Students across the world will channel their psycho-motive-affective skills and talent to African sports and through this UAFBC will begin on time to position themselves to the 2063 Agenda of Africa Union and Africa sports development.

UAFBC will kick off the 2016 Africa Soccer Tournament with building African Diplomats and Community relationship, Soccer Tournament Trophy and Scholarship Support to African youth education.

UAFBC will hold a conference on the theme "Sports and African Development Education" at the United Nations Headquarters New York with African Union Observer Mission to the UN for youth and students.
